The patented Gear Ring is made from high quality matte stainless steel. It features micro-precision gears that turn in unison when the outer rims are spun (as can be seen in the video). It is currently available for purchase in sixteen standard US ring sizes: 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19 & 20.

For sizing, please note that our ring is wider than average. If you are a half size, we recommend ordering the next whole size up (one half size larger).

Gift certificates and custom Gear Ring orders are available. Please email us for more information.

We gladly offer a full money back guarantee (see FAQ section) if you are unsatisfied with your purchase for any reason.
